

Dipl.Ing. Architekt, Stadtplaner

# FLORIAN BECK

Lehrbeauftragter, Lecturer

Florian is currently teaching a Design Seminar Series at the LEK, Lehrstuhl Entwerfen und Konstruieren called - ***Scale doesn't matter*** - with a specific focus, in Research and Concept Development, on Form Finding, Digital Design, Construction Methods and Serial Manufacturing - ***"Structure expressed as Form"***.

Past Lectures and Seminars - Special Topics in Design and Construction II:

Winter 2018 **Scale doesn't matter** - Smart Connections -  
Summer 2019 **Space Oddity** - Space Frame Structures -  
Winter 2019 **Superior Enclosure** - Small, Medium, Large -  
Summer 2020 **iTubes** - Tubular Constructions -  
Winter 2020 **Ready Made** - Piece, Part & Product -  
Summer 2021 **True Grid** - Rasterization & Freedom -  
Winter 2021 **Case Study** - Resource & System -

*to be continued.*

Florian Beck is a licensed Architect and Urban Planner.

He is an Associate Partner and Head of Design of ATP architects and engineers' office in Munich, where he also leads the company's Design & Research studio.

Since joining ATP he has championed the firm's vision for integrated design, leading interdisciplinary teams of experts to realize highly contextual and impactful work.

He takes a holistic approach to design, incorporating emerging ideas and research in urbanism and sustainability, with a focus on quality of life, planetary health, and improving cities.

He has amassed extensive experience in the design and implementation of complex projects throughout Europe, Asia and the Middle East, including high-rise, large-scale mixed-use, transportation, commercial, hospitality, and residential developments.

He studied Architecture at the University of Stuttgart, IIT Chicago and GSD at Harvard with Herzog & de Meuron, Rem Koolhaas, Rafael Moneo and Boris Podrecca. He has lectured and taught Design and Construction at the University of Stuttgart, the University of Applied Sciences in Salzburg, University of Texas at Austin, the MARKHI-Moscow Institute of Architecture and other Institutions. His work has been recognized by the German Chamber of Architects, the Award Deutscher Wohnungsbau, the European MIPIM and further organizations. His projects have been exhibited among others at the Munich Architecture Gallery, the DAM - Deutsches Architekturmuseum, the Haus der Architektur in Graz, Austria and the Venice Biennale of Architecture.

**Education:**

- 1987 - 1994 Universität Stuttgart - Fakultät für Architektur und Stadtplanung  
1992 - 1993 IIT - Illinois Institute of Technology - School of Architecture, Chicago, USA  
1995 - 1996 GSD - Harvard University - Graduate School of Design, Cambridge, USA

**Professional:**

- 1994 - 2004 J.S.K - Perkins and Will, *Berlin, Frankfurt, Chicago* - Partner, Design Director  
2004 - 2014 freier Architekt, *Frankfurt a.M. und Esslingen a.N.*  
since 2014 ATP architects and engineers, *München* - Associate Partner

**Teaching:**

- 2004 - 2014 Institut für Raumkonzeptionen und Entwerfen, Fakultät Architektur, Universität Stuttgart  
2015 - 2018 Fachbereich Holzbau und Holztechnologie, University of Applied Sciences Salzburg  
since 2018 Lehrstuhl Entwerfen und Konstruieren, Fakultät Architektur, Technische Universität München
